

LAMBERT

ESTATE

WEDDINGS

PART OF THE LANDSCAPE

Nestled in the rolling hills to the west of Angaston in the beautiful Barossa wine country, the Lambert Estate is blessed with some of the region's most beautiful and climatic conditions. That's part of the reason why celebrating your wedding at Lambert Estate is unique and special. And, because we are a little higher in elevation than much of the Barossa Valley to the east, it's a pristine, unspoiled location that produces intense, complex wines loved across Australia and around the world.

Our winery has been designed to be in harmony with our beautiful location. We've chosen locally sourced materials in the construction - from the stonework in the walls, to the concrete in our floors. The wood you'll see inside - our tasting bar, our restaurant tables and the detail around the building - has all been selected from our estate.

OUR VENUE

Whether you are considering a formal event for 400, a cocktail party for 100, a marquee or a country style wedding there is an inspiring and accommodating space for your celebration. The options are endless from a lunch time wedding, to sunset cocktail service to formal sit down dinner. Lambert Estate is a unique, beautiful venue full of history and enchantment.

The Tree

With sweeping views the tree can be the perfect location for the ceremony, pre wedding drinks and photographs.

The Lawns

Our most popular and versatile area, the lawns can be used for the ceremony, pre wedding drinks and photographs.

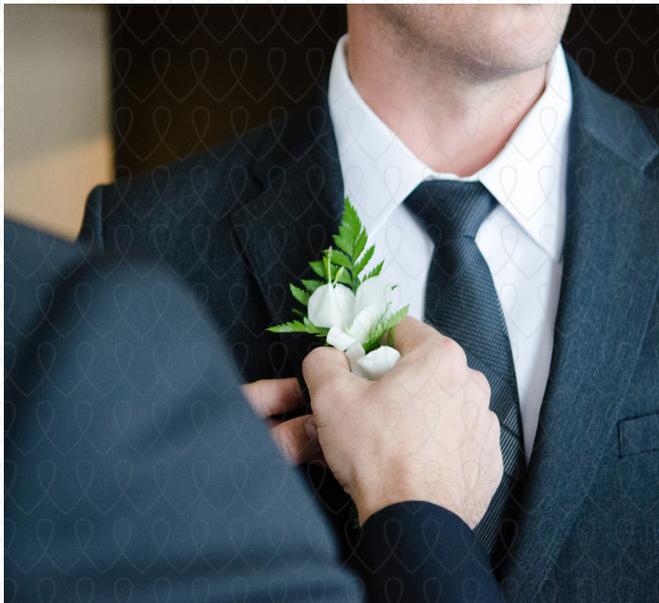

The Estate

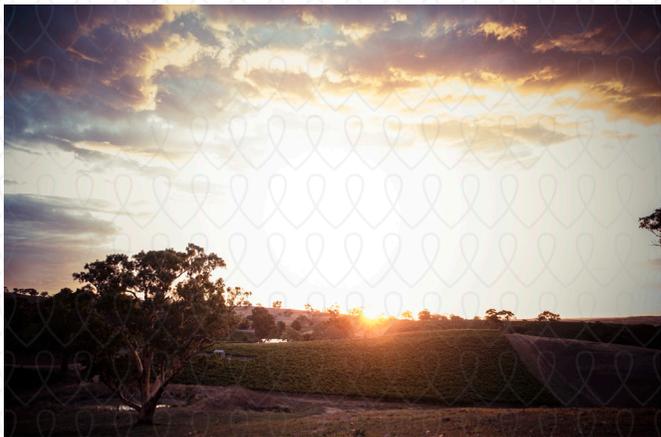

A truly unique and magical setting, the Estate is the ideal location for your reception.

"Thank you so much again for everything you did toward our wedding:) It was absolutely perfect!!"
